ELIZABETH BOVARD STRONG

Elizabeth is fueled by her passion for the construction industry and believes that forging strong relationships within the community are the key to the industry's success. She has spent almost two decades at the Builders Exchange of Michigan, a not for profit association for commercial construction companies that serves as a conduit for project information in the State of Michigan and provides training, benefits and events that help their members grow their businesses. Always looking at the bigger picture, Elizabeth continues to promote a positive atmosphere of partnership within the construction industry and in the community. As a servant leader, she was inspired to become involved with Guiding Light’s mission and help them make a difference in the lives of men going through the program. She currently serves on the Board of Directors for the American Institute of Architects Grand Rapids Chapter, the Ferris State University Industry Advisory Board, BXNet, and Guiding Light.
