TIM WILSON

Tim Wilson is the lead pastor of South Harbor Church in Byron Center. As a pastor, Tim has witnessed the devastating effects of addiction firsthand. So much so that it became too much to sit back idly and watch the pain of families that were being torn apart, children who had lost loving fathers to addiction, and men who had all the reasons in the world to live unable to think of even one. This is why he serves on the Guiding Light board of directors. Tim believes that Guiding Light truly does come alongside men in need to help them find their way back to who they were created to be.
