SOBER-LIVING. FULL-TIME EMPLOYMENT. RE-ENGAGED CITIZENS.

Programming data are tangible performance indicators of the bigger work that is not so easy to quantify: the healing of a heart, the restoration of relationships, the transformation of mind and body, the strengthening of the collective whole, walking with God.

Your support does Kingdom work, and the movement from despair and isolation to hope and community for the men participating in Guiding Light programming is a beautiful return on investment. We are so grateful that you have chosen to be a part the miracles of men—and now women—moving from death to life. From all of us at Guiding Light, thank you, and God bless.

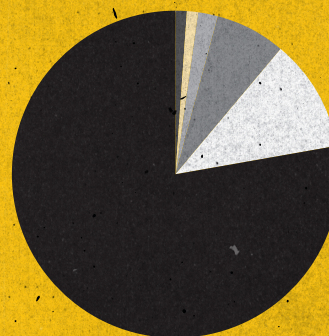

BECAUSE OF YOU,

GUIDING LIGHT CAN
OFFER INNOVATIVE,
COMPREHENSIVE
PROGRAMMING THAT
ADDRESSES HEART,
SOUL, MIND, & BODY.
